Organisational preparation (application, consultation with host institution, etc.):

The application and consultation with host institution has done very smoothly. Cooperation of the two universities has made it possible for me to accomplish the objective of this visit successfully.

Start of the mobility (welcoming at the host institution, orientation at the host country, etc.):

Welcoming process and orientation at the host country has been well organized. The host university has provided all instructions regarding the location and access to people (including, staff and students) that were engaged in the process.

Course of the mobility (exchange, learning successes, cooperation talks, further procedure, etc.):

The following outcomes have been achieved in the course of mobility:

- Exchange of experiences on teaching methodologies on Business administration field.
- Networking with lecturers that work in similar area.
- Sharing experiences and knowledge with professors in host university

What are the results of my stay abroad (cooperation agreement, expansion of the internationalisation of the SRH, personal development etc.):

- Developing research project ideas for future cooperation
- Expansion of the internationalisation of the SRH
